PUTNAM PARK COMMITTEE—George W. Farrar, George F. Livingston, Albert M. Smith.

AGENT OF STREET LAMPS—Charles A. Jaquith.

LIQUOR AGENT—Augustus Fuller.

\*Held over.

## REPORT OF SCHOOL BOARD.

---

The School Board, as elected at the last annual meeting, were John H. Cutler, elected for three years; John Q. Adams, with unexpired term of two years; and Riley B. Hatch, elected for one year.

The Board organized by the choice of John H. Cutler, Chairman; R. B. Hatch, Secretary; and J. Q. Adams, Treasurer.

Soon after the commencement of the summer schools, R. B. Hatch resigned, and Henry Knight was appointed to fill the vacancy.

The whole number of different scholars who have attended school in town the past year is 477. Of this number five belong to Greenfield. One scholar belonging to this town attended school in Hancock. The average number of pupils for three terms was 341. The average daily attendance was 333 in the summer term, 338 in the fall term, and 301 in the winter term.

### CONDITION OF SCHOOLS.

Especial efforts have been made during the past year to eradicate whispering and other communication from the schools. We are glad to be able to say that much has been accomplished, and as a consequence there has been a marked improvement in many of the schools.

In the High School there has been not only better order, but also an increased interest manifested by the scholars, and a closer application to the work before them. This school is now reduced in numbers, fifteen having graduated at the close of the spring term, and five at the close of the winter term. There is a prospect that there may be quite an addition to the number at the commencement of the fall term.

With a better schoolroom, and by guarding against some things that have operated to its injury, we hope to see this school take a higher standing.

The character of the Grammar school has very much improved within a year. From an unsatisfactory condition it has advanced to a state of order and application to work creditable to the scholars, the teacher and the town.

The Intermediate school has been under the care of the same teacher for three years or more. It has been well disciplined, and thoroughly taught, the last term showing an improvement upon those before.

The first and second Primary schools are both well disciplined, and with good instruction have made good progress.

The Valley and South schools have had no change of teachers for three years, with the exception of the last term at the South. These are good schools.

The school at the North has been under the care of one teacher for four terms, and will compare well with those last named.

The school at Middle East has been in operation with one teacher for two years. It has done well.

The Wilson school, not in the front rank a year ago in some respects, has been working up to a better state, and may now be ranked as a good school.

The school at West Peterboro' having become too large to be successfully managed by one teacher, your School Board thought it best to divide the school, placing the scholars of a primary grade with another teacher in the upper room of the school building. This was done at the commencement of the fall term. Some expense was incurred in fitting the room. The order in this school has not been quite satisfactory for some time, and owing to this and the large size of the school, it has rather fallen behind the other schools. Since the division of the school the Primary department has done well. Some scholars in the higher grade school have, with much credit to themselves, tried to do well, while others have persisted in whispering and otherwise disregarding the requirements of teachers to a degree sufficient to injure the good progress of the school. The fault does not lie with the teachers, who have all been competent and faithful, and labored hard for the school. This is now the only school in town that has not attained a good degree of order. We believe it is not right to allow a few scholars to injure a whole school. The law provides that all children of certain ages, not otherwise receiving instruction, shall attend school. If there are any who cannot be otherwise restrained, they should be placed in the school which the state provides for such

We would call the attention of parents to the importance of regular and punctual attendance of scholars. We find as a rule that

those who live farthest from school are most punctual. Of fifteen scholars in the High school whose homes are outside the village, thirteen were not marked as tardy; one had one mark, and the other two; while the record of some of those living near the school presents a bad appearance.

We have endeavored to make the best use of the means at our command in conducting the schools. We have guarded against any wasteful expenditure, and have still been unable to supply many wants, besides being obliged to shorten the last term of school for want of more money. We think the town should raise a considerable sum in addition to the amount required by law for the schools for the coming year. Our new school rooms should be furnished with maps, charts and other school apparatus profitable to be used. Shades will have to be provided for the new school rooms. There will be an increased expense for heating, and for the services of a janitor. We should be able to pay teachers such wages as will prevent our best ones from leaving for more lucrative employment. We believe the town will not be backward in supplying the needs, when it is made aware of the wants.

J. H. CUTLER,  
J. Q. ADAMS,  
HENRY KNIGHT, } SCHOOL BOARD.

## REPORT OF THE BOARD OF HEALTH.

Appointed July 25, 1888. At once made an inspection of the sanitary condition of all the buildings in Peterboro' Centre, and West Peterboro' villages.

Have given verbal notices to abate nuisances,	18
Number of written notices to abate nuisances sent,	44
Total number of notifications,	— 62
Have abated the following nuisances:	
Dead animals,	1
Hogs kept in thickly settled part of village,	1
Dangerous school room,	1
Hog Pens,	4
Contaminated wells,	5
Garbage and offal heaps,	5
Foul sink drains and cesspools,	42
Foul vaults,	47
Total nuisances abated,	— 106

Nearly all to whom above notices were sent responded promptly and cheerfully. In no case has it been necessary to use legal means beyond the notice. The surface drainage of Peterboro' village is a constant menace to health and life. It is well located for good sewerage, and in the opinion of your committee, \$5,000 judiciously expended, will furnish a complete system of 12-inch pipe sewers. We therefore recommend the appropriation of five hundred dollars for commencing a system of sewerage, and that this sum be appropriated annually until the work is completed.

Only three cases of contagious diseases have been reported—all diphtheria—and all recovered.

CHARLES WILDER, } Board  
 CHARLES SCOTT, } of  
 S. G. WHITE, } Health.  
 March 1, 1889.

## SELECTMEN'S REPORT.

---

We herewith respectfully submit a report of our financial transactions and the standing of all the departments having disbursements made by our orders on the town treasurer.

The Breaking Roads account has been overdrawn from necessity. The unusually severe storms of last March account for the large amount of expense in this department.

Complaint has been made during the past year of the dangerous and impassable condition of the road beyond Nutting's mill. The repairs made two or more years ago were insufficient to meet the requirements of the heavy storms which prevailed last year, and something more is needed to make the road passable and safe at all times. The road on the east side of the Morison bridge south of the village was also unsafe, and for a time impassable, on one or two occasions last season.

The stone bridge at the north village has been built, at a cost of \$810.80, as will be seen by financial report which follows.

The matter of providing a more secure place for keeping the town records, which was referred to us last year, has received our consideration, and we would recommend that the store now occupied by J. R. Miller & Son be fitted up for that purpose, and for use by the selectmen. The room now occupied by them is insufficient for their accommodation.

Five thousand dollars of the town debt becomes due on the first of January next, and provision should be made for its payment.

Upon petition of the parties interested, we have laid out a road starting from a point near the residence of T. N. Hunt at the north village and running to the road leading from the north factory bridge past the house of C. A. Wheeler. In the early settlement of the town a highway was laid out there or near this route, but no definite record or transcript of it can be found among the town records, and owing to the fact that a considerable space of ground in the vicinity belonging to individuals had been used in common by the public for highway purposes for many years, the exact locality of the road had become a matter of dispute by the land owners, as no recognized landmarks or bounds could be discovered. The road was therefore laid out and properly recorded, in order to place the matter beyond further dispute or question.

Notwithstanding the fact that an increased number of dogs in town have been licensed during the past year, there are still a great many running at large unlicensed. It is the duty of every person owning or harboring a dog to secure a license within ten days after possession of the same, under penalty for neglect to do so. The disagreeable duty of compelling the owner or keeper to procure the license devolves upon the police, who are also authorized and empowered to kill the dog so unlicensed after proper notice has been given. There is no reason why the law should not be strictly enforced, as it is manifestly unjust to those who manfully pay their license to allow others to keep dogs while unlicensed.

We have investigated the matter of providing for the surface water on Concord street near the Evangelical church. A survey for laying a drain pipe to the river has been made, a detailed report of which will be presented at the meeting for your consideration and action.

We would suggest that the progress and welfare of the town might be greatly advanced by a reorganization of "The Board of Trade." There is much that may be done by such an organization to encourage and increase the business interests of the town, that cannot be so easily and cheaply accomplished in any other way. We have the natural advantages, and only lack enterprise and capital to make them available.

---

M. L. MORRISON,  
E. W. McINTOSH,  
C. H. BROOKS, }  
Auditors.

Peterboro', N. H., March 5, 1889.

## CHIEF ENGINEER'S REPORT.

There having been no report from the Fire Department for several years, it was thought best by the Selectmen that a report be made this year. I therefore submit the following report and recommendations :

The force of the department consists of the Board of Engineers, six in number, three in the centre village, and one each at West Peterboro', South village and North village; Aquarius Engine Co., No. 1, forty men, with Engine and two Hose Carriages at centre village; Deluge Engine Co., No. 2, fifteen men, with Engine and Hose Carriage at West Peterboro', both companies being made up from our best class of young men.

Since the last report, there has been a Hook and Ladder Truck purchased and placed in the house of Aquarius Engine Co., but owing to not having a suitable place to keep it, it has been only partially equipped, and no company appointed for it.

In 1885, on account of the increased risk of fire in the centre village, owing to the building of the large shoe factory, a line of six inch pipe, with five additional hydrants was put in, running from the main pipe on Main street down Grove street to School street; down School street to Depot street; thence on Depot street to near the north end of the shoe factory, and then into the basement of the shoe factory, where it connects with a 400 gallon steam pump. This arrangement gives us the use of three pumps in case of fire; one at the pulp mill, one at the Phoenix factory, and one at the shoe factory. They can be used separately, or in case of need all three could be used at once.

The town having just built a new school building at some distance from our water pipes, in case of fire it would be almost impossible to reach the building with effective streams. I would recommend that an extension of the water pipes be made from the end of the pipe near the machine shop of S. G. White, up Vine street to top of hill near the school building, with a hydrant at corner of High and Vine streets, and one at the top of the hill. With this addition we could reach considerable property besides the school building.

I would also recommend that at least two hand fire extinguishers be placed in the town hall building. As it is now, there is not even a pail of water available in case of accident in the building.

During the past year we have been very fortunate as regards fires. There has been no general alarm during the year. July 25, 1888, the farm buildings of Charles H. Varnum, in the east part of the town were burned, but being at such a distance we could render no assistance and no alarm was given. Dec. 13, 1888, a fire broke out in the picker house of the Phoenix factory, but was put out by the men at the factory with streams from their force pump and the automatic sprinklers in the building, with but a slight loss.

We cannot expect to always be so favored as regards fires, and I believe that the town should from time to time make additions and improvements to their facilities for putting out fires, so that when they do occur we may be in a situation to handle them with the smallest possible loss. Respectfully submitted,

JOHN H. STEELE, Chief Engineer.

## STATE OF NEW HAMPSHIRE.

**To the Inhabitants of the Town of Peterborough, Qualified to Vote in Town Affairs.**

You are hereby notified to meet at the lower hall in the town hall building in said town, on the second Tuesday of March next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose a Moderator to preside at said meeting.
2. To choose all necessary Town Officers and Agents for the year ensuing.
3. To take the sense of the qualified voters whether the alterations and amendments of the Constitution proposed by the Constitutional Convention shall be approved.
4. To raise such sums of money as may be necessary for the support of Schools, for the maintenance of the Poor, for laying out and repairing Highways, and building and repairing Bridges, and for other necessary charges arising within the town, and appropriate the same.
5. To raise and appropriate such sums of money as may be necessary for the support of the Fire Department, Public Library, Street Lamps, and Grand Army on Memorial Day.
6. To hear the reports of Agents, Auditors, Committees, or Officers heretofore chosen, and pass any vote relating thereto.
7. To see if the town will vote to instruct the selectmen to enforce the law relating to the sale of Intoxicating Liquors, and raise and appropriate money for the same, or take any action in relation thereto.
8. To see if the town will vote to adopt the provisions of Chapter 78 of the General Laws, in relation to Sidewalks and Sewers.
9. To see if the town will vote to build a Stone Bridge across the Contoocook river near the North Factory, and raise and appropriate money for the same.
10. To see what sum of money the town will vote to raise and appropriate for constructing Sewers in Peterborough Centre Village, or take any other action relating thereto.
11. To see what sum of money the town will vote to raise and appropriate towards paying the Town Debt.
12. To see if the town will vote to provide a Public Reading Room, and raise and appropriate money for the same.
13. To see what sum of money the town will vote to raise and appropriate to permanently improve or repair the highway beyond Nutting's mills, leading to Jaffrey.
14. To see if the town will favor the building of a Highway around Cunningham pond, or the laying out of a new Street in any part of Peterborough Centre Village.

Given under our hands and seal, this 25th day of February, 1889.

W. S. KYES, } Selectmen  
J. FARNUM, } of  
T. B. TUCKER, } Peterborough.

## STATE OF NEW HAMPSHIRE.

---

**To the Inhabitants of the School District in the Town of Peterborough, qualified to vote in District Affairs.**

You are hereby notified to meet at the lower hall in the town hall building in said district, on the Nineteenth day of March, inst., at one of the clock in the afternoon, to act upon the following subjects:

- 1st. To choose a Moderator for the coming year.
- 2d. To choose a Clerk for the ensuing year.
- 3d. To choose a member of the School Board for the ensuing three years.
- 4th. To hear the reports of Agents, Auditors, Committees, or Officers heretofore chosen, and pass any vote relating thereto.
- 5th. To choose Agents, Auditors, and Committees, in relation to any subject embraced in this warrant.

Given under our hands at said Peterborough, this 2nd day of March, 1889.

J. H. CUTLER,  
JOHN Q. ADAMS, } School  
HENRY KNIGHT, } Board.

## VITAL STATISTICS.

To the SELECTMEN:—In compliance with an act of the legislature passed June Session, 1887, requiring “Clerks of towns and cities to furnish a transcript of the record of births, marriages, and deaths to the municipal officers for publication in the Annual Report,” I hereby submit the following:
